

## Devour: The Meat House

3267 Bee Caves Rd; West Austin; 512.294.2530

This old-school Granite State butcher franchise has descended upon Austin to peddle mostly locally sourced meats including prime/choice, TX-raised, grass-fed, grain-finished, 45-day dry-aged beef and seasoned tips with jerk or fajita spices, plus exotics like kangaroo and alligator. They also carry organic veggies, pre-packaged meals from Emily's Catering, and breads from Seriously Sourdough and New World Bakery -- your choice whether to credit Christopher Columbuns, or Loaf Ericson.

*And they give you a free 3oz sample of beef tips! Check 'em out at [themeathouse.com](http://themeathouse.com).*
